

# ALL GREAT ADVENTURES HAVE A BASE CAMP.

## MOAB'S ONLY PLANNED COMMUNITY FOR OUTDOOR ENTHUSIASTS, BY OUTDOOR ENTHUSIASTS.

Located a few miles south of downtown Moab, White Horse is a “base camp” community developed by an architect/builder team with a long history of cycling, hiking, skiing, river running, and off-roading. Designed with western exteriors & modern interiors, homes here are built specifically for those who enjoy outdoor pursuits — multiple patios to enjoy the views, 8’ glass windows and doors to bring the outdoors in, and large storage areas designed to protect your gear. And building here is easy — choose a site, choose a plan, customize as you see fit with our architect, and in 6-8 months, your home is ready.
