Our Story

Castle Creek Winery is Utah's largest and most renowned winery. Founded in 2000, we now produce more than 15,000 gallons of wine each year. With the grapes we grow in our local vineyard and locally sourced grapes from other small vineyards in western Colorado, we take special care with every step. From the growing process, to crushing and fermentation, we prepare our wines to preserve the smooth and bold flavors of the desert and to bring your dinner table to life.

It's the adventure you find in Moab,
right in your glass.
